SALE

The image is a black and white photograph showing a close-up of a person's legs from the knees down to the ankles. They are wearing dark-colored denim jeans. The lighting is dramatic, with strong highlights on the outer edges of the legs and deep shadows in the creases of the jeans. At the bottom of the frame, a small, light-colored rectangular tag is attached to the hem of the jeans. The tag has the word "SALE" printed in bold, uppercase letters. Below the word, there are some faint, illegible markings that appear to be a barcode or a small graphic.

LAST WILLS AND TESTAMENTS

I, Norris Long, will all I know to anybody who thinks he can
it. I, Don Crews, will my standing position in the senior dormitory

even in the halls at G. B. H. S. who thinks his mouth is small.

I, Jesse Nelson, will my classes to Miss Beamer to anyone
might peeve her as much as I.

I, Frank Hickson, will to Jerry Turner and Mike Rose my know-
of the birds, bees, and naturally known facts of the world... I
they use them as they should be used. (Could be hopeless.)

I, George Shears, will the long hair on the back of my neck
Mr. Stewart, for reasons unknown.

I, Ed Lambert, will my seat in Miss Beamer's class to anyone
has the nerve to accept.

I, Charlie Brewster, will my position on the football team
David Pasternack.

I, George Hives, being of sound mind and tired typing. I

I, Jeanne Kane, will my loud singing voice to Jean Baldwin in the hope that she likes it.

Donna Riley seems to be getting a lot of "Frieels, thrills, out of life these days.

Carolyn Howell and Sandy Curry are still singing the but I can't seem to see what about.

Jane Carpenter keeps looking for a pair of "Shears" find. Maybe Ruth Anne O'Brien can find the "Foe" that :

I see David Cain down at Cape Kennedy trying to how to land Louise Davis on the moon without hurting her she is the first American woman on the moon. She won't first person on the moon though, because David has already brother, Roger Cain, to see what happened to Astronaut rode who ran off with one of the girls from Mars.

Flash! Mike Waslo has just been chosen Mr. America with Harry Aldridge giving him a close race.

It seems that "Uncle Sam" is going to have to cheer a little closer. Just think. Susie Hoover, Ginger Di Beverly Wooddell just got their "Greetings" (and I don't Christmas card).

Flash! Mike Waslo has just been chosen Mr. America of 1970;
with Harry Aldridge giving him a close race.

It seems that "Uncle Sam" is going to have to check draftees
a little closer. Just think. Susie Hoover, Ginger Dickenson, and
Beverly Wooddeff just got their "Greetings" (and I don't mean
Christmas card).

Barbara Nottingham just got a raise for doing an excellen
typing job for the Moats Oats Company.

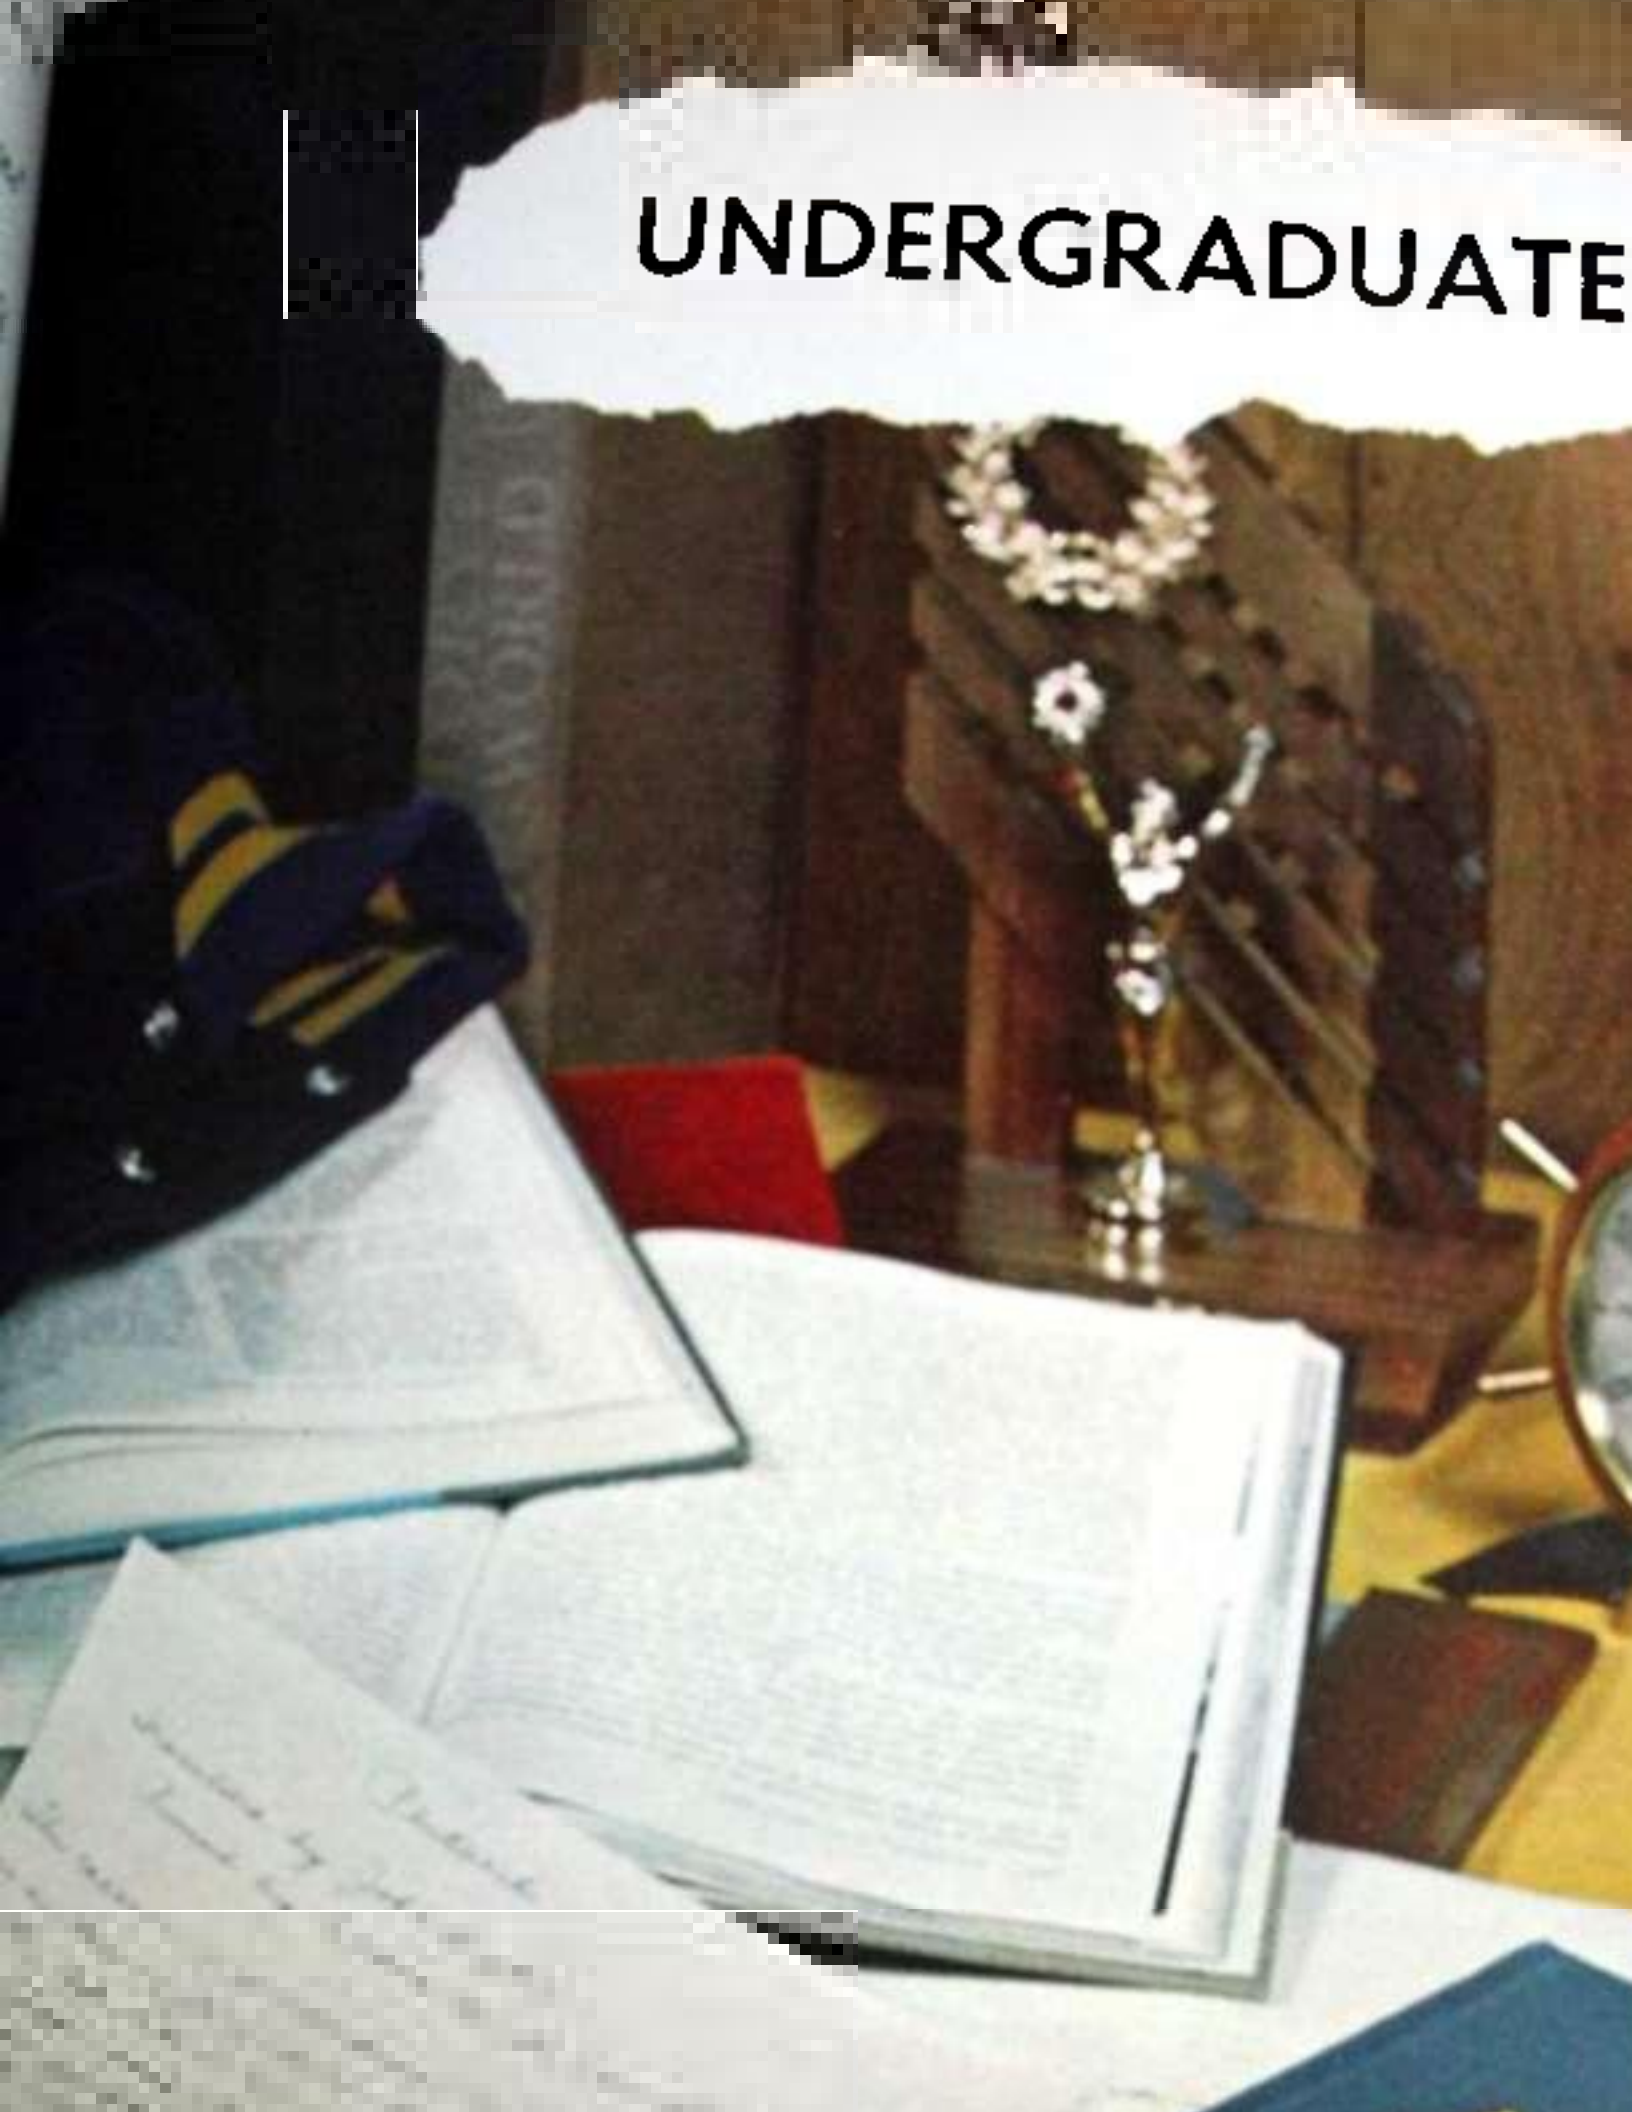

Mary Smith is now Professor Smith at West Virginia University
where she is trying to teach Roy Lambert English Literature.

Phyllis and Betty Wilfong just got a job at a fancy night
club, Gloria Monk's Dainty Dive. Phyllis tells the jokes and Be
laughs.

Woodie Lantz, while going to Hosterman, turned on his radio
and just heard Johnny Patterson's latest hit, "Donna."

Oh no! My crystal ball is getting cloudy, but I know that
the future of these Seniors will be bright.

Green Bank High School

Green Bank, West Virginia

FOREWORD

DEDICATION

To Our Dear Friend

The first school in the vicinity of Greenbank was erected in 1780. It was a typical day school of the time, the fee was paid by boarding the teacher a certain length of time, according to the number of scholars in the school.

As Greenbank became a larger place than a one-house-town, a school was erected below the town, what was then known as the Crossroads, and named after the location. The school lasted until the year 1810, and then a school was built on what is now the property of John R. Gum which was then known as Gum Creek. This school served the purpose of educating the pioneer children for a decade or more.

As churches were built with better regard to the density of the people, the session rooms became school houses, the session room of Liberty Church being one of the most important in Greenbank community. The session room schools were usually taught by the pastor, and if the pastor did not, outside teachers would teach a term of three months for a dollar a scholar if there were as many as ten scholars.

The session room schools lasted until 1842, when the Greenbank Academy was erected where the Fellows Lodge Hall now stands in Greenbank. This was the first free school and was first taught by Professor Benjamin Arbogast, who had influenced the founding of it. The usual number attending was sixty-five to seventy-five. This school was part of the academy program of the County which called for the erection of three academies; at Greenbank, Huntersville, and Hillsboro. These three buildings were brick and were the most modern buildings in the County. Most of the people in Greenbank District sent their children to this school. These scholars boarded at Greenbank for there was no method of conveyance from the more distant homes.

When a student had finished this school he could attend Institute for a week, and then pass a written exam given and prepared by the County Superintendent and become qualified for a teaching position. Greenbank District had its own Board of Education at that time, so the teachers went before them to qualify for their job. But they had to have as many as two trustees of the three to sign their contract before the job was forthcoming; the salary being about sixty dollars per month.

A few months after the Civil War, the building was remodeled and changed to a two-storied one and renamed the "Advanced School." It had a high standard of education.

The Old Academy served until 1916; the last session being taught by C. E. Flynn, who later became County Superintendent. Its place was taken by the High School.

In the year 1918, John W. Goodsell, President of the Board of Education, with the aid of Dr. L. Moomau, founded the Greenbank High School with the grade school being in the same building. The levy of money called for enough money to build the part known a few years ago as the high school building which extended from the front of the building to the present end of the press room. At first high school and grades were taught in the same part, but as enrollment increased, the building was extended to the beginning of the gymnasium, and a few years later the gym and the rooms above it were erected. The last was completed in 1926.

Quite a dispute was aroused over the location of the building, so it was submitted to a popular vote. The main candidates for the election were Cass, Dumore, Durbin, and Greenbank, with the latter coming in with a fair majority.

The first term of school opened in the fall of 1918 with a small enrollment. The first principal was Hought of Bristol, W. Va., with Miss Lucy Meredith, Margaret Hunt, and Lillian Moomau as assistants.

The first graduate of the school in 1919 was Grace Curry, who had attended Marlinton for three years. In the year 1920, there were five graduates: Virginia Dare Moomau, Helen Beard, Bertie Beard, Lillian Beard, and Lucille Oliver. In 1921 there were ten graduates, fifteen in 1922, fourteen in 1923, nineteen in 1924, and twenty in 1925.

W. P. Taylor, the second principal, was succeeded by T. P. Harwood, who served nine years as principal. Mr. Harwood was replaced in 1931 by John Roach, who served four years. In 1946, Claude A. McKee became principal and served until his death in the spring of 1948, when Mr. Mack Brooks, Assistant County Superintendent, served until the end of the term. In the fall of 1948, Mr. Virgil B. Harris of Cassway, W. Va., became principal and has served ever since.

Basketball started early in the school's history; football not until 1926—first touchdown for the school was made by Alen Hiner in a game with White Sulphur. Home Economics was installed about three years after the founding of the school. The P. H. A. Club was organized in 1930 and is one of the oldest in the state. In 1930, a separate Vo-Ag building was constructed; the following year a huge garage. Hot Lunch Program was introduced about fifteen years ago. In 1936 a new addition to the building was made and steam heat was installed. In 1944 the G. H. S. Band was organized under the direction of Miss Anna Margaret Johnson. In 1946 a new floor was laid in the gym. A new heating system installed. In 1948, the P. A. System was installed. In 1948 Miss Dorothy McNeel now serves in that department.

In 1946, the lunch room was remodeled, enabling the Hot Lunch program to prepare and serve the noon meals to over 300 pupils and personnel. With the addition of a large deep freeze, the Vo-Ag department students butcher and freeze the meat, canned at the school. The school has a large record book.

He remained on the teaching staff after Mr. Smith returned.

The Junior English Class debated with the Senior Government Class on the question of Socialized Medicine, with our Junior English Class winning.

Following the custom of the past Juniors were host at the Prom given for the seniors. Happy memories of this occasion will linger long with us.

When presentation of awards were made at graduation, Jo Betty Pritchard was chosen by the American Legion Auxiliary to attend Girls State Camp at Jackson's Mill.

With our senior year challenging us we worked eagerly on.

Struggling, striving and ever pushing onward we have finally reached our goal. At last we have reached the year to which all our past efforts have led. Here we are dignified seniors! Unbelievable but true. Since our freshmen days we have grown to maturity so that we are hardly recognizable. The years that seemed so long at first have passed us by with fleeting wings. We realize now that our happy school days are passing all too quickly.

The days of this, our senior year, were packed with excitement and new adventure.

At class election the following were elected to serve us through our last year. President: William J. Wm. Vice-President: Betty Ruth Sheets, Secretary: Elaine Peck, Treasurer: Gray Cassell, and Cheerleader: John Brown. Our class sponsors were Mr. Blackhurst and Miss Parg.

We warmly welcomed the following new faculty members. Mrs. Florence Bailey, Music Instructor, Mr. John Townsend, Social Study Teacher and Band Director, Mr. Ralph Micheal, Librarian, Mr. John McElwee, Social Study Teacher, replacing Mr. McElwee who was called into the service in the early fall.

The first Homecoming Dance was held in the Gymnasium after the Homecoming Game with Wee Wee Springs. King and Queen of the Homecoming were Frank Collins and Betty Ruth Sheets.

The sad event of our senior year was the news that our dear friend, classmate, and football player Johnny Hevener, was stricken with Polio. This deeply touched the hearts of the Football Squad and we went on to victory.

This was a successful year for both football and basketball. We were especially proud of our basketball team, who went through the season undefeated, but best of all, were Class B State Runners-Up.

During January our school strived diligently to raise money for the polio drive. Our class came ahead with \$178.86. The winner receiving for its efforts a free party.

The highlights of our senior year were the days we received our class rings, cards, senior pictures and announcements.

of this occasion will linger long with us.

When presentation of awards were made at graduation, Jo Betty Pritchard was cho

With our senior year challenging us we worked eagerly on.

Struggling, striving and ever pushing onward we have finally reached our goal. At la

the year to which all our past efforts have led. Here we are dignified seniors! Unbelievable but since our freshmen days we have grown to maturity so that we are hardly recognizable. The years seemed so long at first have passed us by with fleeting wings. We realize now that our happy school days are passing all too quickly.

The days of this, our senior year, were packed with excitement and new adventure.

At class election the following were elected to serve us through our last year. President: William Brown. Vice-President: Betty Ruth Sheets. Secretary: Elaine Peck. Treasurer: Gray Cassell, and Cheerleader: John Brown. Our class sponsors were Mr. Blackhurst and Miss Parg.

We warmly welcomed the following new faculty members. Mrs. Florence Bailey, Music Instructor. Mr. John Townsend, Social Study Teacher and Band Director. Mr. Ralph Micheal, Librarian. Mr. John M. Social Study Teacher, replacing Mr. McElwee who was called into the service in the early fall.

The first Homecoming Dance was held in the Gymnasium after the Homecoming Game with Springfield. King and Queen of the Homcoming were Frank Collins and Betty Ruth Sheets.

The sad event of our senior year was the news that our dear friend, classmate, and football player Johnny Hevener, was stricken with Polio. This deeply touched the hearts of the Football Squad and they went on to victory.

This was a successful year for both football and basketball. We were especially proud of our basketball team, who went through the season undefeated, but best of all, were Class B State Runners-Up.

During January our school strived diligently to raise money for the polio drive. Our class was ahead with \$179.86. The winner receiving for its efforts a free party.

The highlights of our senior year were the days we received our class rings, cards, senior announcements and announcements.

We deeply appreciated the Prom given to us by the juniors. This was the big social event of our year and many happy memories will linger in our hearts.

The Coming of Winter

*SHROUDED IN WHITE. A GHOSTLY THING,
